Nan McNamara has voiced literally hundreds of commercials for radio and TV. Some of her campaigns include Fiber Plus Bars, Walgreens, Dirt Devil vacuums, Clorox bleach and Fancy Feast cat food as well as McDonalds, Home Depot and Nesquik to name a few. In the world of video games, Nan voices the role of "Anya" in the Gears of War franchise. She also portrayed Dr. Betty Ross, girlfriend to the Incredible Hulk in the Ultimate Avengers movies. In addition to video games and animation, Nan has voiced promos for various networks and affiliates, as well as narration for documentaries. She also works in the world of ADR (Automatic Dialogue Replacement) for film and television. She coaches and teaches voiceover privately and in the classroom. Nan has enjoyed a successful voiceover career for over fifteen years and is represented by William Morris Endeavor Entertainment.
